STATEMENT REGARDING OPERATING PROCEDURES

Kodiak Wireless, LLC ("KW") has established the following operating procedures to ensure compliance with the FCC's CPNI rules:

- 1. All personnel having access to CPNI are trained to be aware that the information is to be treated as highly confidential and is not to be disclosed or divulged without express approval of KW's general manager or the company's managing member. KW's policy requires maintaining a record, both electronically and in paper form, of all of its own or others' promotional campaigns using its customers' CPNI. These records must be maintained for at least one year. However, KW has not engaged in such a campaign. No third parties have been allowed access to KW's CPNI, nor has CPNI been disclosed to third parties, except for permissible purposes such as preparing billing invoices for transmittal to customers or other non-marketing purposes, in each case subject to strict confidentiality agreements.
- 2. Any outbound marketing efforts by sales personnel involving the use of CPNI must be approved in advance by the General Manager or Managing Member. No such outbound marketing efforts have been approved. If any such efforts are approved, they will be carefully supervised by the General Manager for compliance with the CPNI rules in advance and during the campaign, and records of the compliance status will be maintained for at least one year.
- 3. In addition to the foregoing, KW does not permit access to CPNI via the internet, including by customers themselves, to ensure the integrity of the data.

CERTIFICATION OF CPNI FILING (FEBRUARY 1, 2006)

I, Jon E. Shepherd, officer of the Managing Member of Kodiak Wireless, LLC ("KW"), hereby certify that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI regulations. The above Statement sets forth how KW's operating procedures ensure compliance.

President
